Happy Valentine's Day!

February is a month to express love. What better way than to do an act of random kindness. Our community has many people who are preoccupied with their day to day struggles. - 2- Is it fair to all concerned.**
- 3- Will it bring goodwill and better friendships.**
- 4- Will it be beneficial to all concerned.**

They need a place where they can safely seek out knowledge, entertainment and continuing education. The value of the library stems from its role as a place where the community can discover, learn and grow.

Whitney Lash-Marshall, Executive director of Baltimore Woods Nature Center presented at our Tuesday evening meeting. An informative slide presentation gave us a glimpse of this wonderful resource, its mission and its activities throughout the greater Syracuse community. The programs work with urban environments and instruct City students in ecology and an awareness of nature in their environment. Whitney is new to the Center and brings a background of an educator.
