Speaker Presentation:

Conrad Seuhs reported on his experiences indicating that this was not his first trip to the USA but it was the first extended stay. He was enjoying the experience and had opportunities to experience the rural attractions of Central NY. Host families have provided excellent opportunities and have taken him in as a member of their family. He has gone to Canada, New York City, and skiing in the Adirondacks with host families. In Vienna, Austria where he lives he attends the 10th grade. The schools are quite different from ours. Vienna has over 2 million people living there and property is more protective. There is usually little communication between neighbors and most properties are fenced in. Different from our open yards and people are more open to communication with each

other. Conrad is well versed in English, and presents himself with confidence. He speaks German, English, and is learning French. In Austria, most of his fellow students speak only German. His mother is a Financial Analyst and travels a lot. His Father divorced from his mother is a banker. His mother is a Rotarian and founding member of the Vienna club. Conrad will do well in any area he applies himself in and our club was pleased to sponsor him.

At Next meeting we will have Mathew 24 a farm growing produce for food banks and those in need .
